

Northern Nevada Math Council (NNMC) in partnership
with the Northwestern Regional Professional Development Program
and Washoe County School District presents:

March Mathness: Making Mathematicians

With Special Guest, Dan Meyer providing the
Keynote and a session for school administrators.

Dan Meyer, a former math teacher is now a math celebrity renowned for developing 3-Act Tasks in mathematics and his TED talk, *Math Class needs a Makeover*. He is also the Chief Academic Officer of Desmos, technology used across the nation in mathematics classrooms.

Saturday, March 23, 2019

7:30 am to 4:30 pm

Galena High School

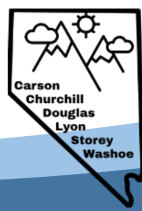

3600 Butch Cassidy Drive Reno, NV 89511

- Participate in tasks and experiences that will engage you, as a teacher, and your students.
- Attend K-12 breakout sessions that support taking ideas back to your classroom for immediate use.

Participants who are able to stay the whole day will receive 0.5 in-service credit

Member early bird registration is \$30, or after March 9th for \$40. Non-member registration is \$10 more, which includes an annual membership in NNMC.

Light breakfast and lunch will be provided.
